Hi Jacki,

Okay about this week at the PB meeting. More then likely Louise and I will be in VH this coming week, so I may stop in on Thursday (2/14) if we do. None of my siblings know that I am standing with you at the moment.

My mission in breaking from the pack here is to support the very laws we have recently been corrected by through the Consent Agreement. In Stevens case he never intended to comply with the law and is lying through his teeth to convince the DEP and the Town by giving information that is totally fabricated for his convenience and defense. The State is far enough away from the place and Stevens's credentials are somewhat impressive (PHD and all) that they can be more easily swayed in his favor.... throw in an expensive lawyer (who has no loyalty to the law... just the client) and you have Stevens Grand Bluff... The folks in VH are probably swaying due to the same influence. They are under the careful influence of those in VH who John favors, employs, or bribes.

I'm standing up for the law and what is right, AS YOU ARE AND ARE PAID TO DO!! Where are the permits? Where is the evidence he intended a research facility? When is the rosa rigosa he removed? Where is his compliance? Where is common sense?

See you soon. EVAN

Hey Jacki, how do you get on the agenda for a planning board meeting? Maybe it would be better to go to a Selectmens meeting! Planning board is next Wednesday 2/13 according the to the town website.

What do you thnk?

Internal Virus Database is out of date.

I will send you my last email to Charlotte that chastised them to make sure Stevens wouldnt come up this week. Laura is going to be away. I also got an email from Sean Chilles last night asking my side of the story so maybe he is not as biased as Laura thinks. I think just having you sitting there might help but it wont be this month anyway. What a storm!!! we got our generator on. Jacki

Hi Jacki,

In preparation for "battle", I will be reading John's pamphlet, one one he handed out to the Selectmen's meeting, in great detail and will write a parallel series of comments that will re-shape his story from our perspective. I will either give that to the folks who need it, should they need it, or keep in for reference. No one in town or at the DEP know the history the way we do, and I think that will be valuable in establishing what is the truth and what is a rich man's fiction.

Hi Jacki,

My family wants to say NO to you on the appeal question because they have no spine!

Please keep me informed directly, because I DO choose to stand with you. I believe in what is right, just like you. Assholes like Stevens should not be able to buy their way out of stuff like this. Being rich shouldn't make you right by default. The law is the law for both rich and poor.

I'm with you, kid, without my brother and sisters. Fuck 'em. Lets go to war!!
